Two Clowns

The circus came to town last week. It was great 10
fun. There were two clowns who really made us 19
laugh. One was Slouchy, and the other was 27
Grouchy. The crowd howled when they rode 34
around in their little cars chasing each other. 42

Both clowns wore clown suits with cute hats. 50
Slouchy had a tall red hat with a small brim, but 61
Grouchy had a flat green hat with a large brim. They 72
both had big red mouths. Slouchy's mouth was a 81
smile, but Grouchy's mouth was a frown. Their 89
shoes were different too. Slouchy had shoes that 97
made him bounce from place to place. Grouchy's 105
shoes were bigger and turned up at the toes. 114

We watched all the acts for two hours. It was 124
amazing how the clowns could do so many funny 133
things and yet never make a sound. They just ran 143
round and round acting silly. What fun it was! 152
